Notes

- CO - graduation initiative too important to stop doing; governor budget GI 2025 is gone; may carve funding off the top for GI 2025 first 'carved off the top'
- Recruitment council: a lot of educating about process and procedures
 - Got good goals, strategies, etc.
 - Shepherding
 - A lot of unknowns and myths
- Retention council
 - Basic needs will stand with broad
 - Shifting related to tactics
- Projection Model
 - Target enrollment based on historical rates of distribution by college and program
 - Add budget tab
- Retention is relationships: grounded vision for SEM planning work.

- Be more explicit about the equity
- Faculty need training on relationship building
- Offer a vision for implementation
 - CTL example
- PBLC: curriculum needs to be inclusive; retention is coming from community
- Strong commitment on basic needs
- Student Jobs on campus should be added to SEM plans(recruitment and retention)
- Equity Arcata leverage relationships to pinpoint positions that are targeted to new students/transfers
- Data to support idea that tenure track / experience and relationship to student retention
 - Putting your “A team” on the first year
 - Local quantifiable evidence
 - Data Informed decisions on “A” Team
- Recruitment Tactic
 - Pre Majors / Cluster Majors
 - Pathways
 - Chico example - thematic classes
- Funding the plans vs. open request process
 - Process related to each of implementation committee
 - Pilot concept
 - Allocate resources and allows councils to allocate
 - “Promising practices”
 - Carve out strategic initiatives
 - Invest in infrastructure
 - CNRS - operational manual
- SEM -
- We have money - we want to distribute - gi2025/SEM - assessment, budget plan, sustainability, clarity on exit strategy
 - Able enhance and integrate with something we are already doing
 - Entrepreneurial - could be a college level vetting process
- Careful with the message on money available vs. cuts

Next Week:

- Enrollment projection model
